

Report

Introduction

The IN2IT WP3 Workshop 3 (IN2IT WP3 WS3) took place on 13th-15th March 2017 at the Warsaw University of Technology, in Poland.

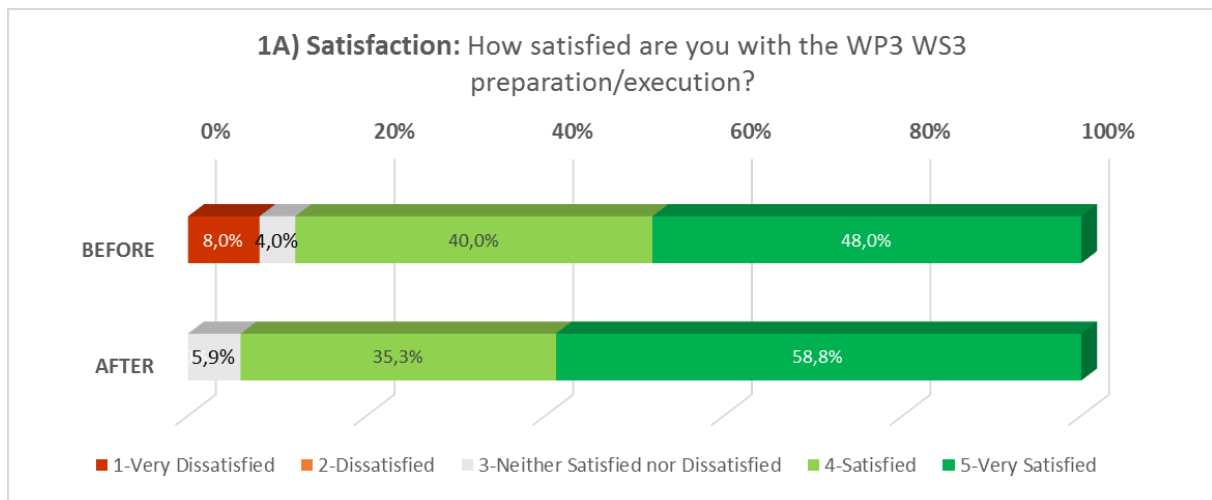

At the workshop, there were 37 attendees.

The University of Montpellier has collected 25 “Before workshop surveys” and 17 “After workshop surveys”.

I. Before – After workshop surveys comparison

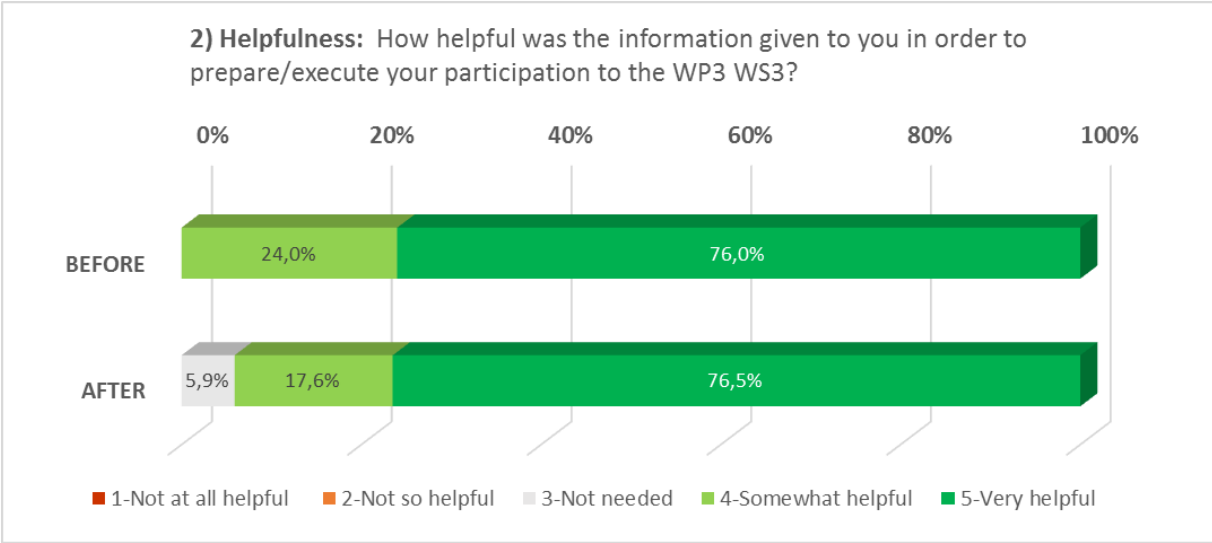

Most of questions in the Before and After workshop surveys were similar in order to be able to evaluate the evolution due to the meeting execution.

This report will try to identify the reasons and to suggest what could be improved for the next workshops.

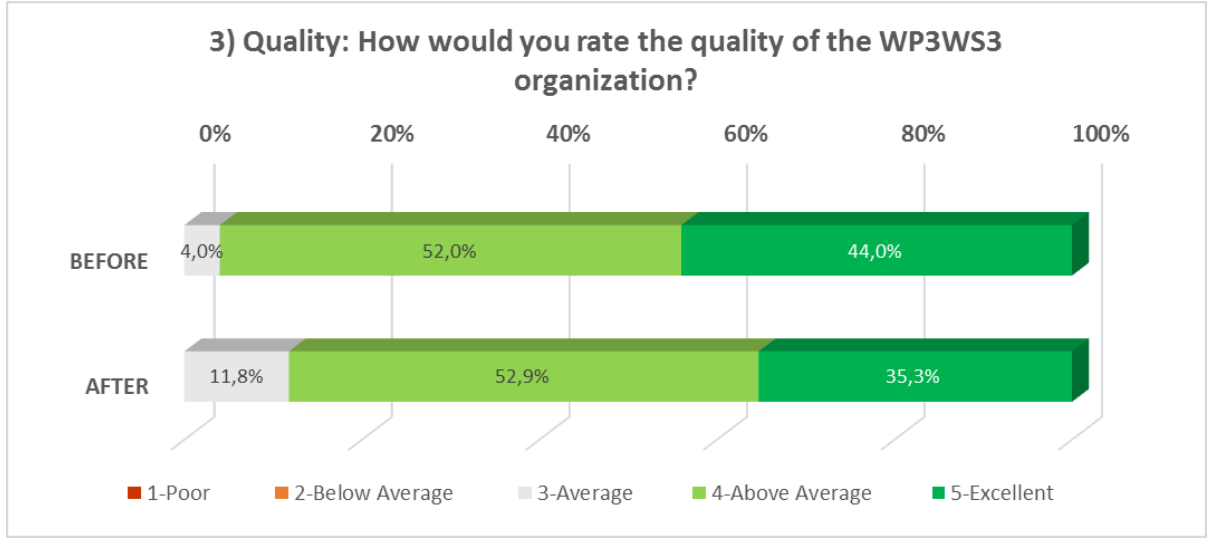

The majority of attendees who have completed the questionnaires before and after the workshop are satisfied or very satisfied regarding the workshop preparation and execution (more than 80%).

WP3 WS3 IN WARSAW EVALUATION– MARCH 2017

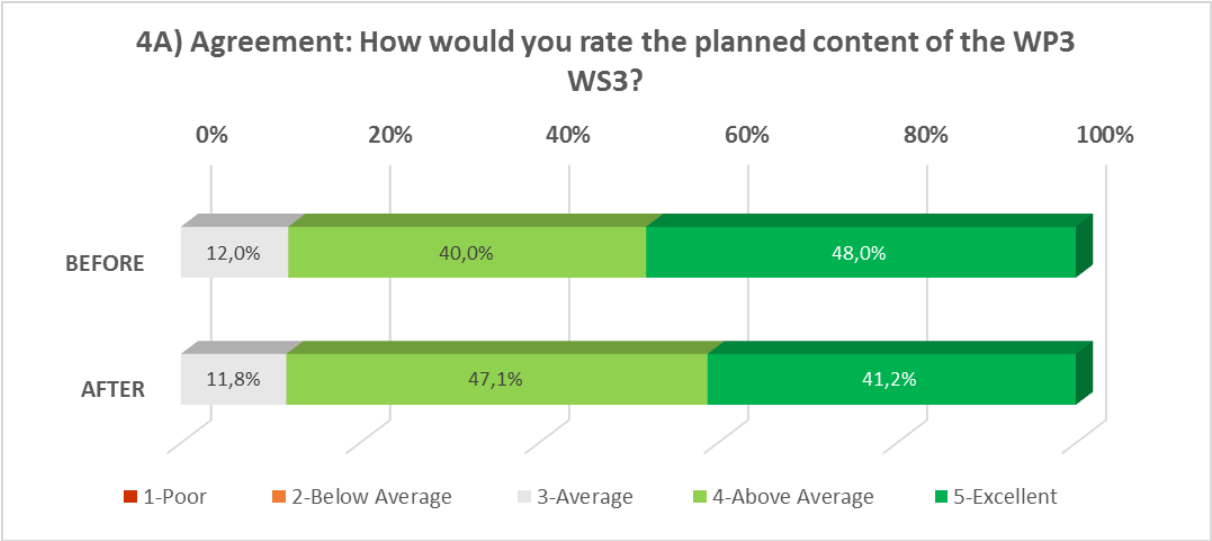

The information given to the attendees immediately before and during the workshop was considered very helpful for the large majority of participants who have completed the questionnaires.

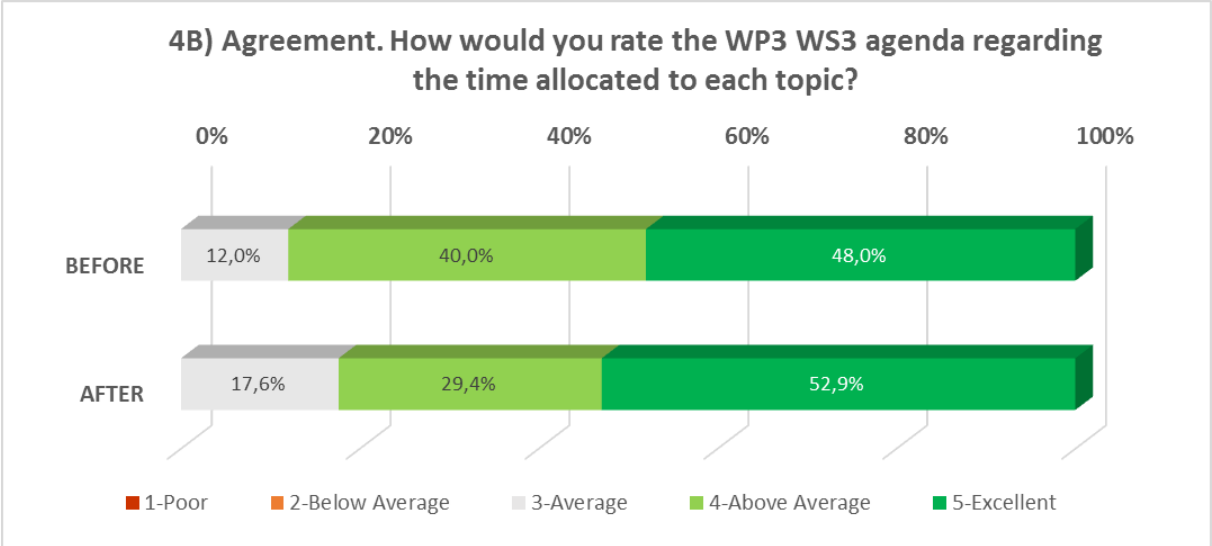

The quality of the workshop organization/realization was considered above average for the majority of participants to the workshop.

WP3 WS3 IN WARSAW EVALUATION- MARCH 2017

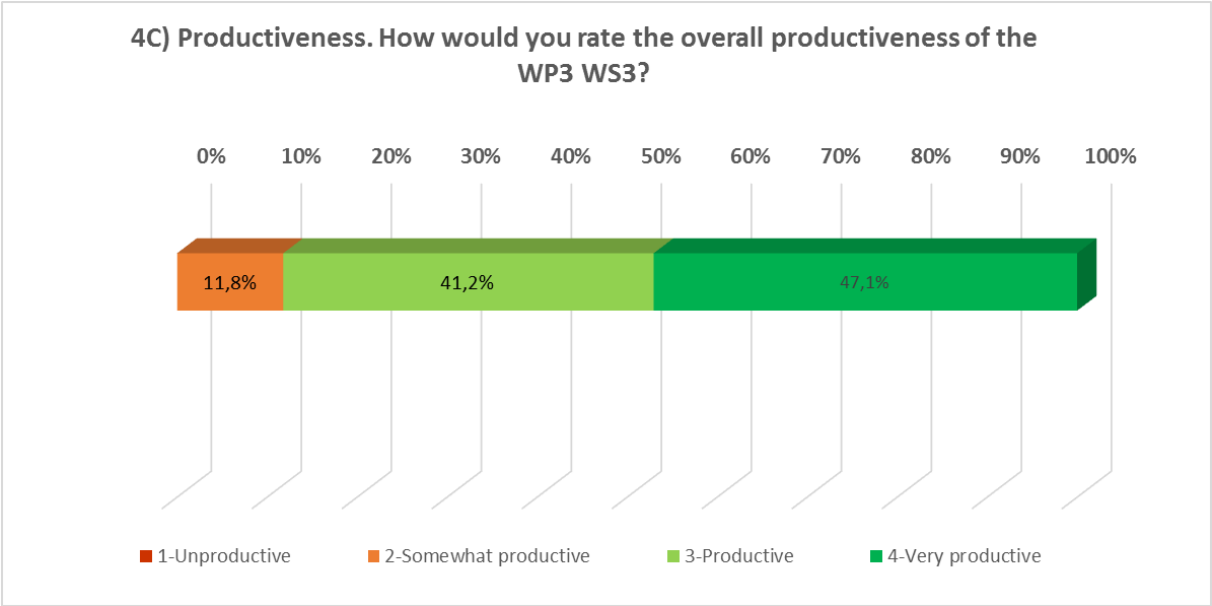

The agenda of the workshop was known by everyone before the workshop and most of people appreciated this agenda before the workshop. After the workshop, 11,8% of attendees who have completed the questionnaire judged the planned content average.

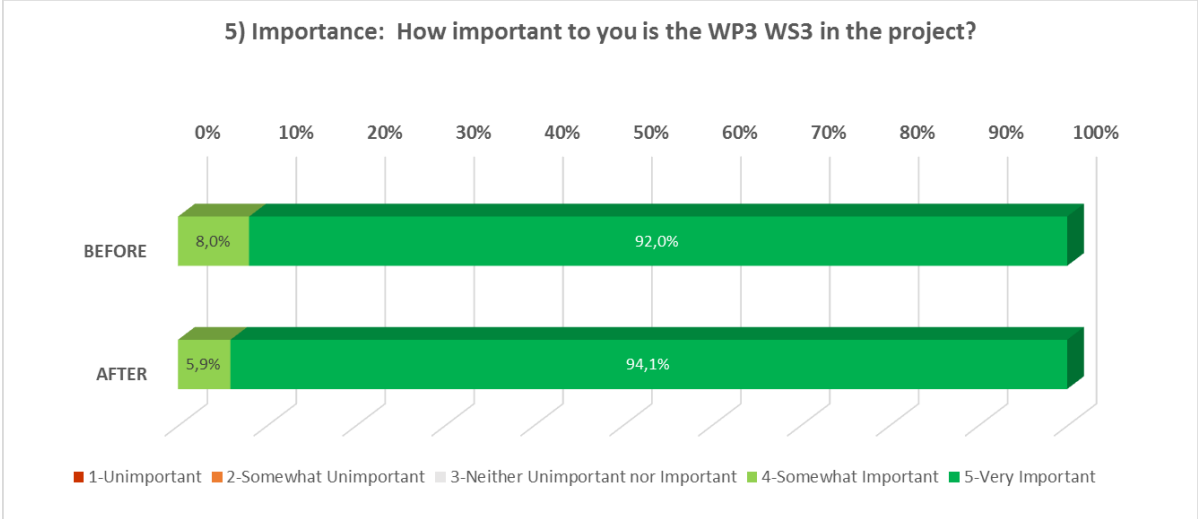

The time allocated to each topic was considered excellent for the majority of participants of the workshop.

WP3 WS3 IN WARSAW EVALUATION- MARCH 2017

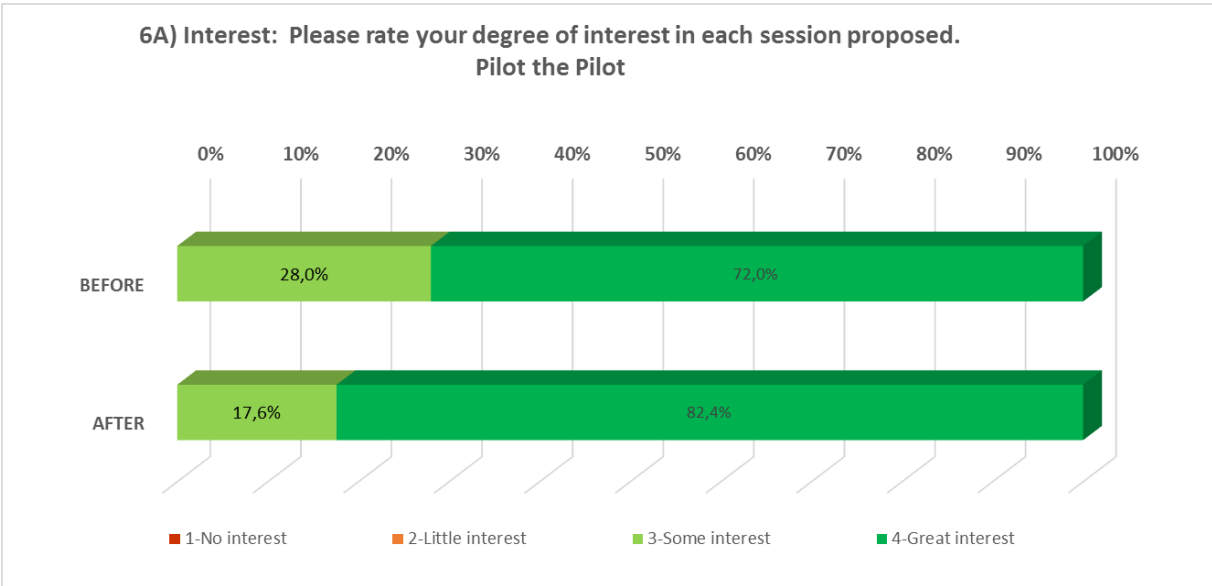

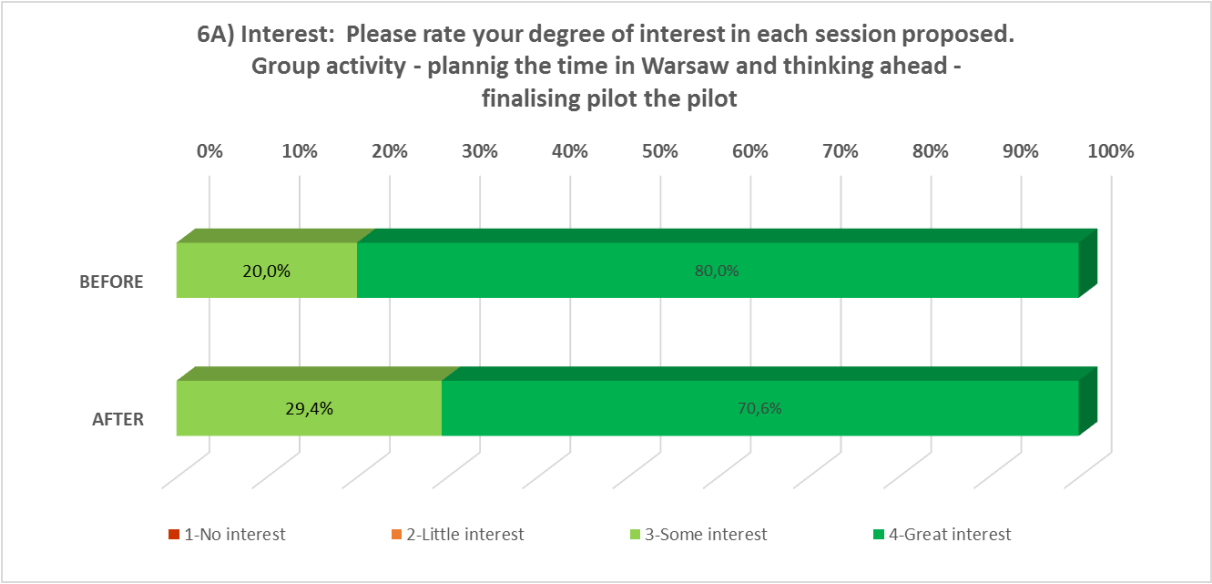

The workshop was considered productive for the majority of participants who completed the surveys.

The majority of participants considered very significant the WP3 WS3 in the project.

WP3 WS3 IN WARSAW EVALUATION– MARCH 2017

The majority of participants who have completed the questionnaires think that the objectives of the workshop are achieved.

II. Others questions

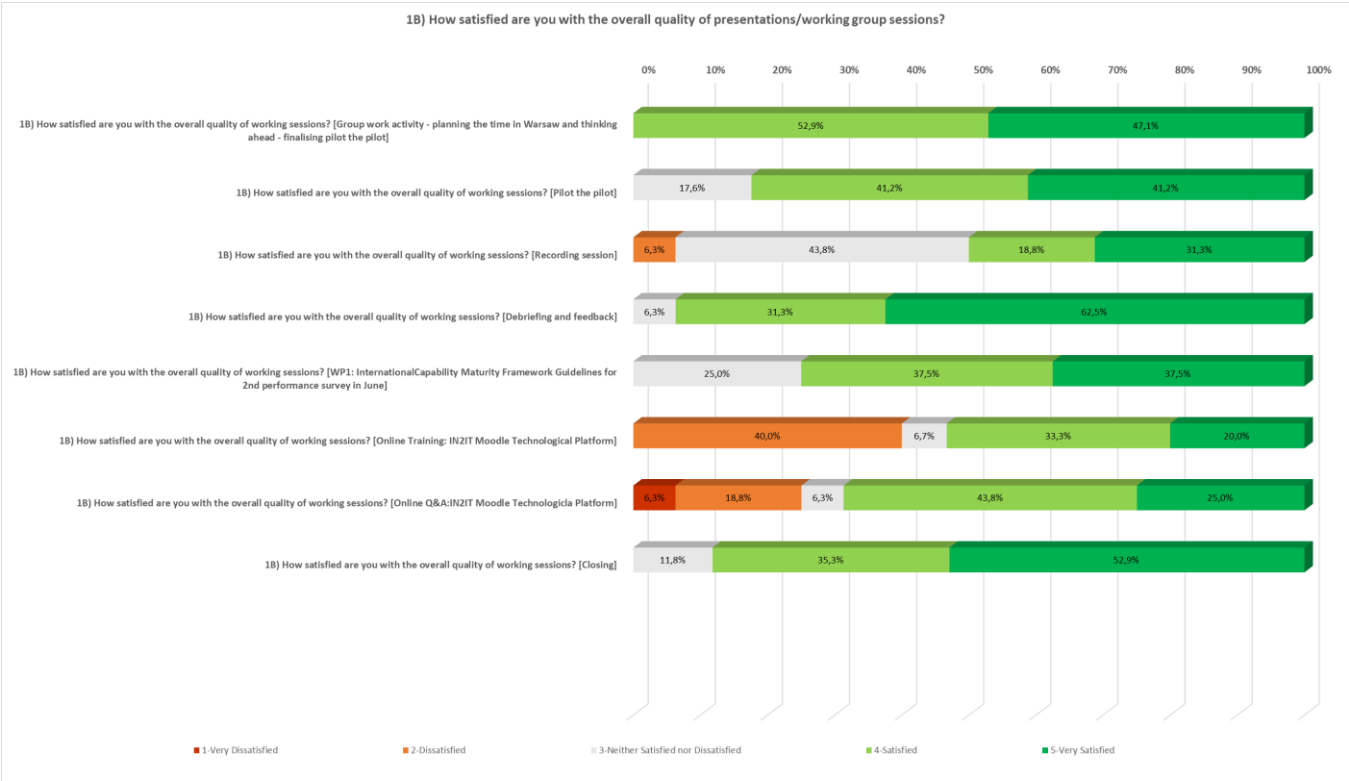

In the after workshop survey, some specific questions were asked to better understand possible discrepancies observed before and after the meeting.

8) Do you have any suggestions or comments?

AFTER workshop:

- “2 days meeting”
- “Technical training should be done in small groups”

1B) Presentations: how satisfied are you with the overall quality of working sessions?

Most of participants are satisfied by the quality of the working sessions.

Comments after the workshop:

WP3 WS3 IN WARSAW EVALUATION– MARCH 2017

- ““The support on using the platform was not good enough. A representative of the IT group needed to be present”

Suggestions for the next workshop:

It appears that it could be good to organize technical training in small groups.

Then, there is a suggestion for reducing the duration of the workshop two days.
