

פרופ' אייל שמעוני

סמנכ"ל טכנולוגיה, קבוצת שטראוס

Prof. Eyal Shimoni graduated from the department of Biotechnology and Food Engineering, Technion – Israel Institute of Technology. He re-joined the department after a postdoc with Prof. Ted Labuza in the U. of Minnesota. His research interests are Food nanoscience and nanotechnology, Functional foods and Nutraceuticals, Food biotechnology, and Food safety. He was recently appointed the Israel National delegate to the Division of Food Chemistry of the European Association for Chemical and Molecular Sciences (EuCheMS). Eyal is a member of the Institute of Food Technologists, the European Federation of Food Science and Technology, the American Chemical Society, and Israel Institute of Chemical Engineering. Prof. Shimoni published over 50 peer reviewed research papers, as well as reviews, book chapters, patents, and abstracts. He is a member of the Technion Academic Assembly, the Interdisciplinary committee of nanosciences and nanotechnology, Head of the Biotechnology and Food Engineering Graduate program, and also the Head of the Technion R&D center for the food industry. Among his professional activities, he serves on the Editorial board of 'Food Biophysics', and served on the advisory board of several food companies. Currently, he serves as the CTO of Strauss Group
