# IRIS Objectives

1. Development of a strategic plan for internationalization of academic colleges, taking into considerations national context, societal interests and the diversification, constraints and priorities of academic colleges in Israel.
2. Infusing colleges' campuses with an international perspective and encouraging the engagement of faculty, administrators and students in the internationalization agenda.

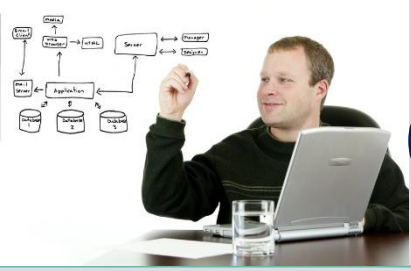

# IRIS Objectives

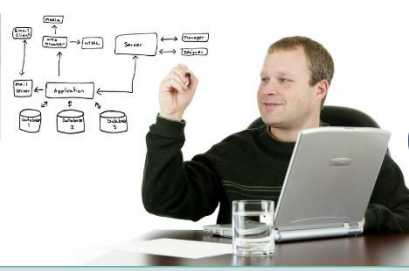

3. Development and delivery of training for international relations professionals in the partner colleges.
4. Establishment of International Relations Offices (IRO) in the partner colleges.
5. Development of pilot activities by the trained local IRO teams.
6. Establishment of a network of IROs for advocacy of internationalization programs, the transfer of best practices, and further collaborative initiatives.

# Organizational Changes (1)

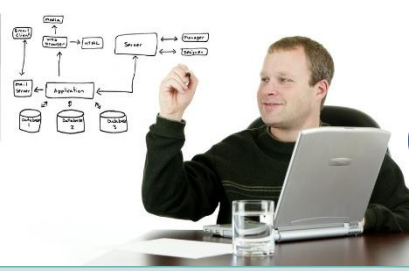

- HIT and the Ministry of Foreign Affairs had decided to leave the project and will no longer take part in the project, as the coordinator or as a partner.
- The new coordinator will be **ORT Braude College for Engineering (OBC)** with **Dr. Vered Holzmann** as the contact person and the Project Manager.
- **ORT Hermelin Academic College of Engineering and Technology (OHC)**, will join the consortium as a partner. **Prof. Gady Golan**, who will serve as the President of OHC, will be the contact person there.

# Organizational Changes (2)

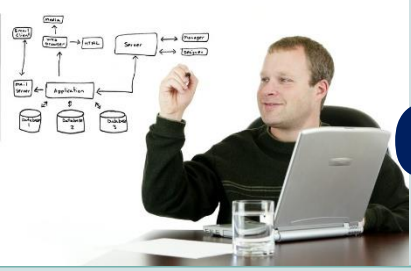

- **European Centre for Strategic Management of Universities (ESMU) was merged into EFMD** in April 2013. This strategic development will give them the opportunity to expand their activities for the benefit of the Higher Education sector at large, in the area of leadership and management development programmes.
- This change will not have a direct impact on the Tempus IRIS project, as EMFD will still be involved in the project, with **Ms. Nadine Burquel** as the contact person.

# Organizational Changes (3)

- The Università Carlo Cattaneo (LIUC) will withdraw from the project and the **Cattolica University in Milan** will take its place, due to the transfer of **Dr. Fiona Hunter** to the Cattolica University in Milan.
